

Fiduciary

Our extensive experience in working with California pension funds provides us with a valuable understanding of the fiduciary, governance, benefits-related, disability retirement and ethical obligations faced by our clients' public boards.

We provide partner-level fiduciary, governance, benefits, ethics and tax-related legal services to retirement systems throughout the United States. We understand the challenges of each clients' boards and staff and the legislative and other plan design parameters and legal restraints of attorneys we work with on behalf of such systems.

We provide daily access to numerous clients for consultation on fiduciary matters ranging from routine day-to-day operational and administrative matters to more complicated matters issues, often involving dispute resolution in adjudicated and non-adjudicated matters.
